

HELLO.

Our Charlotte office has relocated to Johnson C. Smith University's Arts Factory building in the Five Points Historic West End neighborhood.

1545 WEST TRADE STREET / CHARLOTTE, NORTH CAROLINA / 28216

Please Note...

West Trade Street is under reconstruction for the expansion of the CityLYNX Gold Streetcar line. Access will be limited or closed at times until complete. Parking is limited, so visitors should park in the Mosaic Village deck next to our building, accessible from Duckworth Avenue and West Trade. Please use the "Retail" parking spaces in the deck. Handicap spaces are available in the parking lot next to our office.

From I-77 / Uptown

01 / Exits 10 (I-77 northbound) and 10C (I-77 southbound) provide direct access to West Trade. If detoured for construction of the Streetcar line, turn left onto Wesley Heights Way and then right onto Duckworth Avenue. Our rear parking lot will be on the right, then the Mosaic Parking deck a short way further up.

From I-85

- 01 / Take exit 36 for NC-16 / Brookshire Blvd toward U.S. 74 E / Downtown. From Brookshire, take the Beatties Ford Road exit from NC-16 S.
- 02 / Turn left onto Beatties Ford and continue towards downtown, where Beatties Ford becomes West Trade at the Five Points Intersection.
- 03 / Once on West Trade, the Mosaic parking deck entrance is before our office, along the right side, in front of the 'Griffin Bros. Tire' sign.
